HDPE

Product description

Material designation	>HDPE<
Colour	Natural colour
Purpose	container, pallets, daily necessities, helmets, sports facilities, turnover box
Material properties	High-density
Material state	Granular
Processing method	Injection Molding

Physical property	Condition	Test standard	Data	unit
-------------------	-----------	---------------	------	------

Density			0.960	g/cm ³
Melt flow index			20	g/10min

Mechanical properties	Condition	Test standard	Data	unit
-----------------------	-----------	---------------	------	------

Vicat softening point			129	°C
-----------------------	--	--	-----	----

Other performance	Condition	Test standard	Data	unit
-------------------	-----------	---------------	------	------

Brittle transition temperature			<-70	°C
--------------------------------	--	--	------	----
