

ChangZhou Yi Yi International Trading Co., Ltd.

HDPE 56020S

Product description

Material designation	>HDPE<
Colour	Natural colour
Purpose	
Material properties	High-density
Material state	Granular
Processing method	Blow molding

Physical property	Condition	Test standard	Data	unit
-------------------	-----------	---------------	------	------

Density		ISO 1183	0.952	g/cm ³
Melt flow index	190°C21.6Kg	ISO 1133	7.0	g/10min

Mechanical properties	Condition	Test standard	Data	unit
-----------------------	-----------	---------------	------	------

Charpy Notched Impact Strength	-30°C	ISO 179/1eA	5.00	kJ/m ²
--------------------------------	-------	-------------	------	-------------------

Other performance	Condition	Test standard	Data	unit
-------------------	-----------	---------------	------	------

Processing temperature range			180-220	°C
------------------------------	--	--	---------	----
